

How Curbside Pickup Works

Along with in-store shopping, there are Lordco locations now offering curbside pickup. Please follow these steps to take advantage of curbside pickup at select Lordco stores:

1. Call the store – Visit [Lordco.com/locations](https://www.lordco.com/locations) for contact details. If you have a Lordco account, have your account number ready.
2. Let the staff member know you are interested in curbside pickup.
3. If the part you are looking for is in stock, the store will arrange a time for pick-up. If the store needs to order it in for you, they will contact you when it arrives.
4. At your arranged pick-up time, park in the designated blue curbside pickup parking spaces and call the phone number on the sign.
5. A staff member will bring your purchase to your vehicle and will take contactless payment with a mobile card machine.
